- **Loading and Equipment:** We want your arrival to be as easy as possible! To help make your setup easier, don't forget to pack your own rolling carts or dollies, as the facility doesn't provide moving equipment on-site.

- **Stay in the Zone:** To keep aisles safe and walking paths clear, please set up your wonderful tables, racks, and merchandise entirely within your designated, taped floor boundaries.
- **Wall & Property Care:** Please ensure all backdrops, banners, and display stands are completely free-standing. To avoid damage fees, please do not attach, tape, or hang anything directly on the venue walls.
- **Table Covers:** Standard tables don't come with cloths, so we encourage you to bring your own professional floor-length coverings to make your booth look its best!

3. General Conduct & Safety Rules

- **Cleanliness:** A tidy space makes a great impression! Please help us keep the room looking amazing by maintaining a clean booth and disposing of your trash throughout the weekend.
- **No Smoking:** To comply with Nevada state laws, the entire facility is a smoke-free and vape-free zone. Please step outside the venue building for any smoking/vaping needs, if caught smoking or vaping inside, you could be removed from the premises without a refund.

 - 3rd Notice:*** For persistent issues, we may ask you to pack up your space.
- **Gambling:** Gambling or casino-style betting games aren't permitted in the Exhibit floor.
- **Photography Consent:** While photography is encouraged, be sure to get a quick green light from neighboring artists or vendors before photographing their original work.
- **Aisle Traffic Flow:** To give every vendor a fair shot at being seen, please make sure your displays, promo activities, or lines don't spill out into the aisles or block walking traffic.
- **Local Taxes & Fire Regulations:** Please ensure your business is squared away with Nevada state and Clark County sales tax requirements. For fire safety, please keep all electrical access points completely clear and opt for fire-safe, non-flammable display materials.
